

Assembly Instructions

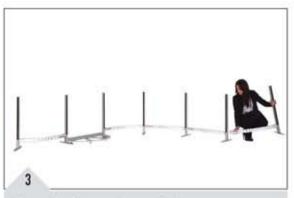

01473 601234 www.bmsimaging.co.uk

Clamp the base posts into the base supports.

Our unique Flexi-link beams simply slot into the posts.

Shape the framework to suit the venue.

Insert the remaining sections of the posts into the base posts.

Apply graphics using the magnetic I-Line System.

ABOVE: Six module Wave kit with counter and table attachment.

Add lights, TV Screens, tables and much more!

RIGHT: The Wave framework for a five column stand fits into one padded case.

Add a counter

Our freestanding counters are so easy to build...

Clamp the posts into the base.

Align the counter top and close clamps.

Wrap around the counter graphic.
